

20 July 1972

MEMORANDUM FOR: Chairmen of the USIB Committees

SUBJECT: DCI Annual Report to the President's
Foreign Intelligence Advisory Board
(PFIAB)

1. The attached memorandum to CIA Deputy Directors is, I believe, self-explanatory. We would appreciate it if you also could let us have a brief account of the accomplishments of your committee, in the context of the attachment. We should have this by the first of September. If any of you wish to examine the way your contributions came out in last year's report, we have one file copy in our office which you are welcome to peruse there.

2. I realize the applicability of this request varies considerably among the different committees, and that some may have little or nothing to contribute. In any case, please consult with Tom Parrott or me if you have any questions.

MEMORANDUM FOR: Members of IC Staff

SUBJECT: DCI Annual Report to the President's
Foreign Intelligence Advisory Board
(PFIAB)

1. Attached is a self-explanatory memorandum to the CIA Deputies, soliciting contributions to the annual report to the PFIAB on the community.
2. Although the basic headings of the report will remain as they have been in recent years, we will obviously have to include additional material to reflect what we as a staff have done organizationally since the November 5th letter, in addition to substantive items.
3. With respect to substantive inputs, I suggest the Group Chiefs or their designees keep in close contact with the appropriate action officers in the Directorates and with the Committee chairmen so as to avoid duplication or unnecessary work. With this in mind, I would like to have your individual contributions by no later than the first of September.
4. A copy of last year's report can be perused in this office if you ask Doris or Eileen. We have only one file copy available.

20 July 1972

MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Plans
Deputy Director for Science and
Technology
Deputy Director for Support

SUBJECT: DCI Annual Report to the President's
Foreign Intelligence Advisory Board
(PFIAB)

1. It is again time to begin collection of data for the DCI's annual report to the PFIAB on "Coordination of the Foreign Intelligence Effort." You and your staffs have always been most helpful in giving us items to be included in this report and I am asking you to undertake this job again.
2. Although there has, of course, been a major strengthening of the Director's community role as a result of the Presidential letter of November 5th, 1971, the basic headings of the report desired by the Board remain the same. We are informed that they have been pleased with the format and content and that they propose no changes, despite the fact they are directing changes in individual agency reports. (These changes incidentally are aimed primarily at other agencies in an effort to encourage them to produce the same sort of report that CIA has been doing.)
3. The major headings of the community report continue to be:
 - a. Assessment of the organization and functioning of the United States Intelligence Board and its committees.
 - b. Major problems existing in the coordination of the intelligence community.
 - c. Significant gaps, deficiencies and undesirable duplication of the various U. S. intelligence agencies.

d. Specific actions to strengthen the effectiveness of the over-all intelligence effort.

4. What we need are brief summaries of major items to be included. The cutoff date for information can be flexible, but as a practical matter I think about the beginning or middle of August would be reasonable. The object is to be informative to the Board and not be constrained by a rigid cutoff date. It would be greatly appreciated if you could have your contributions to us by the first of September. To assist you I am attaching last year's report. This is a file copy so please let us have it back.

5. I am asking the Chairmen of the USIB Committees to contribute as well.

Attached are the PFIAB's instructions for the Agency's annual report to the Board. As you will note, this is a new format and gives the reporting agencies much more latitude in what they say and how they say it.

I have sent a copy to Chuck Briggs.

BT

Here are the instructions for the Agency's annual report to the PFIAB, as we discussed. The report is due at the PFIAB by 1 October.

I am sending Bill Colby a copy of these instructions, for his information.
